

Maxima 37

Class and elegance, that's what the Maxima 37 stands for! A spacious boat with a wide bathing platform, wide sidedeck and a large cabin with sufficient height. Equipped with an inboard diesel engine with a maximum power of no less than 440 hp. The focus in the Maxima 37 is also on a high backrest and deep seat. This offers the comfort we are used to at Maxima Boats.

The Maxima 37 is equipped with a wide bathing platform, large round seat outside and inside, wide side decks and a spacious cabin.

You can walk straight through the glass cockpit folding door into the spacious cabin. Here is round seat with a high backrest and a deep seat. Also in the cabin is the kitchen with sink, electric hob, oven and refrigerator.

When you are sailing this beautiful yacht, you have a good view on the water. You can easily step outside through the sliding door on the starboard side.

The cabin can optionally be fitted with a sliding roof. If you walk down the stairs in the cabin you enter the corridor that leads to four different rooms. The first door from the left takes you to a spacious double berth of no less than 1.98 meters long.

Children and adults can lie comfortably here. Through the next door you enter the closed toilet, which is separated from the bathroom. Back to the corridor. The next door leads you to the master bedroom, equipped with a big berth and plenty of closet space.

Finally, the bathroom with sink and separate shower. A lot of light enters through the long low window, this makes the bathroom look spacious.

Outside, the foredeck is equipped with a sundeck. Nice weather can be enjoyed comfortably.

Generator and air conditioning / heating is possible on this boat. You can travel carefree with this self-sufficient boat.

Maximum pleasure by smart solutions in the boat.

50 Years of experience and good listening to the wishes of our customers has resulted that every Maxima boat has several advantages compared to other competitors. Smart building and purchasing has a lot of advantages without compromises on quality. That is the reason that Maxima Boats has a good product with a competitive price.
